

User Agreement

Last updated: 9 September 2026

Please read this User Agreement carefully. It governs use of the Wishfield mobile application and related website and services, including its community features. If you do not agree, do not create an account or use the services.

1. Agreement and Operator

This User Agreement (the "Agreement") is between you and Wishfield LLC ("Wishfield", "we", "us" or "our"), the operator of the Wishfield mobile application and related website and services (collectively, the "App"). Our contact email is wishfield22@gmail.com. This Agreement is available on our website and through the App.

By selecting an acceptance control, creating an account or using the App after being given notice of this Agreement and a reasonable opportunity to review it, you agree to its terms to the extent permitted by applicable law. You must accept this Agreement before creating or uploading User Content. Failure to read the rules does not excuse a violation. If you act for an organization, you represent that you have authority to bind it.

Our Privacy Notice, available in the App and at <https://wishfield.app/PrivacyPolicy>, explains how we process personal data. Acceptance of this Agreement does not replace any separate consent required for particular processing activities.

2. Eligibility and Accounts

You must be at least 13 years old and meet any higher minimum age required by the laws applicable to you. The App is not intended for children under 13. If you are below the age of majority where you live, you may use the App only with the permission and supervision of a parent or legal guardian and where legally permitted. You must have the legal capacity or authorization required to enter into this Agreement. Additional age restrictions may apply to a feature, purchase or jurisdiction.

Provide accurate account information, keep it up to date and protect your sign-in credentials. You are responsible for activity you conduct or authorize through your account, subject to mandatory law. Notify us promptly at wishfield22@gmail.com if you suspect unauthorized access. We may request reasonable verification to protect accounts or respond to account requests. You may not misrepresent your age or use another person's credentials without authorization.

3. License to Use the App

Subject to this Agreement, we grant you a limited, personal, non-exclusive, non-transferable, non-sublicensable and revocable license to download and use the App for lawful personal use. The App is licensed, not sold. All rights not expressly granted remain with Wishfield and its licensors.

You may not copy, modify, distribute, sell, lease, reverse engineer, decompile or disassemble the App, bypass security, scrape it, use automated access or use it commercially without our written permission, except to the extent applicable law permits such activity despite this restriction. Section 4 also applies.

4. Community Rules and Acceptable Use

4.1 Scope and responsibility

These rules apply throughout the App: profiles, usernames, avatars, biographies, goals, success stories, posts, comments, likes and other reactions, private messages, links, images, audio and video, including features introduced in the future. A reference to a format does not promise that the feature is currently available. You must not create, upload, request, share, link to or otherwise distribute prohibited content, or use reactions or other features to facilitate prohibited conduct. The rules cover real, edited, fictional and AI-generated material and attempts to evade a restriction through coded language, symbols or external links.

4.2 Lawful use and third-party rights

You must comply with applicable law and respect others' intellectual property, privacy, publicity and other rights. Do not facilitate crimes, fraud, exploitation or other unlawful conduct. You must hold the rights and permissions needed for the material you share, including music, photographs, videos and material featuring other people.

4.3 Sexual and explicit content

Pornography, sexual acts, sexually explicit descriptions, sexually explicit nudity, sexual solicitation and other erotic or NSFW material are prohibited. Do not offer sexual services or direct users to such content. Do not share intimate images without the depicted person's consent, threaten to do so, or create or distribute sexual deepfakes of an identifiable person. Marking content as adult-only, private, artistic or a joke does not exempt it from these restrictions.

4.4 Child safety: abuse and exploitation

Wishfield prohibits all child sexual abuse and exploitation (CSAE) and child sexual abuse material (CSAM). For this rule, a child is anyone under 18. Prohibited conduct includes grooming, sexualization of children, sexual solicitation, sextortion, trafficking and content that depicts, promotes or facilitates such abuse, including simulated or AI-generated material. Never request intimate images from a child or try to move a child to another service for exploitation. Other abuse, endangerment or exploitation of children is also prohibited.

Report suspected child exploitation immediately using an available in-app reporting tool or by emailing wishfield22@gmail.com with the subject "Child Safety". Provide the content location and relevant account details; do not download, forward or attach suspected CSAM. Upon obtaining actual knowledge of CSAM, we will remove it or disable access, take appropriate account measures and report to the competent authorities or designated reporting organization as required by applicable law. We may preserve relevant evidence securely where lawfully necessary.

4.5 Violence and disturbing material

Threats, incitement to violence, instructions intended to facilitate serious harm, glorification of violent attacks, terrorism or violent extremist organizations, and recruitment or material support for such organizations are prohibited. Do not publish graphic gore, torture, severe injury, sexual violence, animal cruelty or other shocking depictions of abuse or death.

4.6 Self-harm and dangerous conduct

Do not encourage, glorify, instruct or pressure anyone to commit suicide, self-harm, engage in eating-disorder behavior, misuse substances or take part in dangerous challenges. Supportive, non-graphic discussion of recovery and seeking help is permitted if it otherwise follows these rules and does not provide harmful instructions.

4. Community Rules and Acceptable Use (continued)

4.7 Hate and discrimination

Hateful attacks, dehumanization, discriminatory slurs, segregation, exclusion or advocacy of violence against people based on race, ethnicity, nationality, religion, caste, sex, gender, gender identity, sexual orientation, disability, serious illness or another legally protected characteristic are prohibited. This includes racism, antisemitism, xenophobia, homophobia, transphobia and supremacist or exclusionary nationalist propaganda.

4.8 Harassment, threats and provocation

Do not bully, stalk, intimidate, blackmail, sexually harass or repeatedly contact someone who has asked you to stop or blocked you. Insults targeting users, their relatives, other people or Administration members are prohibited, as are coordinated harassment, deliberate conflict-provoking behavior and aggressive or excessive profanity. Provocation may be an aggravating factor, but does not excuse another person's violation. Respectful disagreement, good-faith criticism and appeals are permitted.

4.9 Privacy and confidential material

Do not disclose another person's private or confidential information or personal materials without the necessary permission or another lawful basis. This includes private correspondence, screenshots of private messages, recordings, addresses, precise location, identity documents, financial information and information about family members. Do not threaten disclosure or solicit information for doxxing. Necessary, lawful disclosure to Wishfield for a report, to legal advisers or to competent authorities is permitted; share only what is needed.

4.10 Honest identity and appropriate profiles

Do not impersonate another person or organization, falsely imply official status or mislead others about your affiliation with Wishfield. Usernames, avatars and biographies must comply with every content rule. Do not copy another user's identity or use another person's name, likeness, username or family references to harass, expose private information or falsely suggest an association. Usernames must be reasonably readable and distinguishable; invisible characters or confusing imitations used to evade moderation are prohibited. Pseudonyms are allowed. Only officially assigned badges establish an Administration role.

4.11 Spam and manipulation

Do not flood the App with repetitive, meaningless or unsolicited material, mass messages, chain letters, repeated mentions, duplicate posts or irrelevant links. Bots, fake engagement, purchased likes or followers, coordinated inauthentic activity and manipulation of reports, rankings or recommendations are prohibited. Do not artificially inflate success claims or create deceptive social proof.

4.12 Advertising, solicitation and trading

Advertising in any form requires Wishfield's prior written approval, including self-promotion intended to solicit business, referral or affiliate links, sponsored posts, fundraising solicitations and promotions sent by private message. User-to-user trading, offers to buy or sell goods or services, and commercial recruitment are prohibited. Accounts and access rights may never be sold, bought, rented, gifted or otherwise transferred. Any expressly authorized commercial program is subject to its separate written terms and legally required disclosures. These restrictions do not prevent purchases offered by Wishfield through official channels.

4.13 Scams, restricted goods and financial abuse

Do not engage in phishing, pyramid or Ponzi schemes, deceptive giveaways, investment scams, fraudulent fundraising, payment fraud or attempts to obtain credentials or payment details. Do not offer or facilitate trade in illegal drugs, weapons, stolen goods, counterfeit products, personal data, sexual services or other illegal or restricted goods or services. Unapproved gambling, betting and lotteries are prohibited.

4. Community Rules and Acceptable Use (continued)

4.14 Relevance, politics and religion

Community spaces are intended for goals, personal development, visualization, progress and success stories. Repeated off-topic posting or disruption is prohibited; reasonable, non-offensive humor is welcome. Political campaigning, partisan debate, religious preaching or debate, propaganda and discussion or depiction of armed conflicts, including the war in Ukraine, are not permitted in community spaces. Incidental, respectful references to personal background or beliefs are allowed where they are relevant and do not become advocacy or debate. We apply this subject-matter rule consistently, irrespective of viewpoint or identity and subject to mandatory law.

4.15 Software, security and circumvention

Do not distribute, demonstrate, promote or provide instructions for malware, unauthorized clients, cheats, bots, exploit tools, piracy or software intended to bypass the App's security, moderation or paid-access restrictions. Discussion of ordinary lawful software is permitted when relevant and non-promotional. Do not attack the App, overload its infrastructure, gain unauthorized access, harvest users' data or evade limits. Report security concerns privately to our contact email without exposing users or exploiting the issue further.

4.16 False reports, evidence and retaliation

Do not knowingly make false accusations, fabricate or manipulate evidence, submit abusive or coordinated reports, or threaten to report someone to extort money, content or another benefit. Good-faith reports remain permitted even if a violation cannot ultimately be established. Retaliation against a reporter, witness or person appealing a decision is prohibited.

4.17 Honest goals and success stories

Do not present fabricated achievements, manipulated before-and-after material or fictional testimonials as genuine personal experience. Clearly identify fictional, illustrative or materially AI-generated stories where omission would mislead readers. Do not make deceptive guarantees of health, financial, relationship or other outcomes, promote dangerous misinformation or misrepresent professional qualifications.

4.18 Evasion and assistance

Do not recreate removed content, bypass another user's block, register or use replacement accounts to evade enforcement, or help others violate these rules. We may restrict associated accounts where we reasonably determine that they are controlled by the same person and used for evasion. Similar names or shared network access alone do not establish a violation.

5. User Content and Community Features

5.1 Content and ownership

The App may allow text, photographs, video, audio, goals, success stories, posts, comments, reactions, reviews, messages, reports and other materials ("User Content"). You retain ownership of your User Content and are responsible for its legality and for obtaining the necessary rights, permissions and lawful bases. Other users' content is their responsibility and is not necessarily endorsed by Wishfield.

5.2 License for operating the service

You grant Wishfield a non-exclusive, worldwide, royalty-free license to host, store, reproduce, technically adapt, format, display and distribute your User Content solely as reasonably necessary to provide, maintain, secure and improve the App and deliver the sharing features you use. This license may be sublicensed to service providers for those purposes and transferred with the relevant service or business, subject to this Agreement and applicable law. It does not authorize public disclosure of private messages or private goals, or use of your content in external advertising without separate permission.

5. User Content and Community Features (continued)

5.3 Visibility, deletion and retention

Content you make public or share with others may be seen, copied or redistributed by its recipients. Do not publish information you wish to keep private. The content license ends when your content is deleted from our active systems, except for copies retained for a limited backup period or as reasonably necessary for legal, safety or dispute purposes, and copies shared by others through App features while they remain available. Continued use of those copies is limited to the purposes described above. Retention and disclosure remain subject to applicable law and the Privacy Notice. Your statutory rights to access, delete or retrieve data are unaffected.

5.4 Administration and moderation authority

"Administration" means persons expressly authorized by Wishfield LLC to administer or moderate the App, including holders of the officially assigned Moderator, Wishfield Expert, Administrator and Author roles, within their assigned authority. A self-chosen title, username, star or emoji does not confer authority. Wishfield LLC remains the service operator. An Expert or Author badge alone does not establish a regulated professional qualification or authorize that person to change this Agreement.

The Administration may review reported or otherwise identified content, investigate suspected violations and take the measures described in Section 9. We may use automated tools to assist detection, filtering or prioritization where implemented, together with human review as appropriate and required by law. We do not guarantee that every item is reviewed in advance or that prohibited content will never appear. This does not limit any legally required moderation, notice-handling or removal duties.

5.5 Reporting violations and intellectual-property concerns

Use the reporting tools made available in the App or email wishfield22@gmail.com with the subject "Content Report". Identify the content or account, provide a link or other precise location where possible, explain the suspected violation and include relevant lawful supporting information. Rights holders should also identify the protected work or right and their authority to act. Supply an email for follow-up if you want a response. Child-safety reports follow Section 4.4.

Report promptly, preferably within 48 hours of discovering a violation, so relevant evidence can be reviewed. This is a recommendation, not a deadline: later reports remain eligible for review. We will assess reports in a timely, diligent and objective manner, prioritize serious safety concerns and comply with applicable legal response requirements. We may request further information. We do not promise a fixed outcome or disclose another person's confidential account information. If there is immediate danger, contact local emergency services; the App is not an emergency service.

5.6 Blocking and review of decisions

You may use available blocking or interaction controls to limit unwanted contact and may request help through our contact email. To challenge a moderation decision, email wishfield22@gmail.com with the subject "Moderation Appeal", identify your account and the decision, and explain why it should be reconsidered. We will review the relevant information and correct errors where identified; human review will be provided where required by law. Any mandatory complaint periods, statements of reasons and external remedies remain available under Section 9.3 and applicable law.

6. Purchases, Subscriptions and Refunds

6.1 Prices and purchase information

Some features, articles or services require payment, including subscriptions. Before purchase, the App or relevant store will disclose the price, currency, billing period, automatic-renewal terms, material restrictions and cancellation method. Taxes may be added where required. Paid access remains subject to this Agreement, including Section 9.

6. Purchases, Subscriptions and Refunds (continued)

6.2 Payment providers

Payments may be processed through an app store or another payment method offered at checkout, such as Apple Pay, a payment provider or a bank. The relevant provider's terms and privacy notices may apply. We do not control its independent services. You must provide accurate payment information and be authorized to use the selected payment method.

6.3 Renewal and cancellation

An automatically renewing subscription continues until canceled in accordance with the cancellation instructions and deadline shown by the relevant store or payment platform. Cancel through the store, payment platform or App setting identified when you subscribe. We will not enroll you in automatic renewal without clear disclosure and your affirmative consent. Cancellation stops future renewals; paid access normally continues until the end of the paid period unless the purchase terms or mandatory law provide otherwise or access is restricted under Section 9. Cancellation does not normally refund the current period, subject to Section 6.5.

6.4 Subscription articles and separate purchases

Articles unlocked through a subscription remain available only while the corresponding subscription entitlement is active. When Pro access ends, the articles unlocked through Pro, including its allowance of up to 15 articles where included in the purchased plan, become locked again. Articles purchased separately remain accessible after ordinary subscription cancellation, subject to the applicable purchase terms and this Agreement. Cancellation alone does not revoke those separate purchases. A lawful account suspension or termination under Section 9 may nevertheless restrict access to both subscription content and separately purchased articles. A purchase grants access rights and does not transfer intellectual-property ownership.

6.5 Refunds and mandatory consumer rights

Refund requests for app-store purchases should be submitted through the relevant store's refund process; contact us for purchases billed directly by Wishfield or if you need help identifying the correct process. Refunds are governed by mandatory law, applicable store rules and the terms disclosed at purchase. We will provide any refund, price reduction or other remedy legally due.

EEA/UK consumers may have a 14-day right to withdraw from a distance contract. If you ask for digital content or a digital service to begin during that period, we will obtain any express consent and acknowledgement required by law. Starting a continuing digital service does not by itself extinguish every withdrawal right. Statutory withdrawal, refund and conformity rights are not limited by this Agreement.

6.6 Paid access and enforcement

Payment does not exempt a user from community rules or guarantee continued account access after a violation. Suspension, termination, subscription renewal and refunds are governed together by Sections 6 and 9. A moderation decision does not automatically create a contractual refund entitlement, but does not remove any right arising under mandatory law or applicable store rules.

7. Intellectual Property and Feedback

The App, software, interfaces, design, trademarks, logos and materials supplied by Wishfield are owned by Wishfield or its licensors and protected by applicable law. This Agreement does not give you ownership of them. If you send feedback, suggestions or ideas, you allow us to use them without restriction or compensation, subject to any separate written obligation, your data-protection rights and applicable law.

8. Third-Party Services and Links

The App may contain third-party links, advertising, payment functions, analytics tools or content. Their providers control those services and may apply separate terms and privacy notices. We do not endorse or assume responsibility for third-party services, content, availability or transactions, except where law requires otherwise. External links do not exempt User Content from the community rules.

9. Suspension and Termination

9.1 Grounds and available measures

If we reasonably believe you violated this Agreement, created a safety or security risk, committed fraud, used the App unlawfully or attempted to evade restrictions, or if legally required, we may issue a warning; require a profile change; remove, restrict or reduce the visibility of content; limit posting, commenting, messaging or other features; temporarily suspend an account; or permanently terminate access. We may preserve relevant evidence or make disclosures where lawfully necessary. Measures may apply to accounts used for evasion as described in Section 4.18.

9.2 Discretion and immediate action

We determine appropriate measures reasonably and proportionately, considering severity, context, harm or risk, prior violations, deliberate provocation, evasion and available evidence. We need not follow a fixed sequence of warnings or penalties. Serious violations, repeated misconduct or urgent safety, fraud or security risks may result in immediate suspension or permanent termination without a prior warning, to the extent permitted by law. Discretion does not authorize arbitrary enforcement or override mandatory user protections.

9.3 Notice, reasons and appeals

Where reasonable, and whenever required by law, we will notify you of a restriction, its principal reasons, its scope and duration if known, and how to challenge it. Where legally permitted, we may delay notice or limit particular details to protect people, an investigation, confidential information or security measures, or to comply with a legal restriction. We will still provide any statement of reasons or other information required by law. You may appeal through Section 5.6. Where applicable, mandatory rights to internal complaints, certified out-of-court dispute settlement, complaints to competent authorities and judicial remedies remain unaffected.

9.4 Subscriptions, purchased articles and other paid entitlements

A temporary suspension or permanent termination may prevent you from accessing the entire account, including an active paid subscription, articles unlocked through a subscription, separately purchased articles and other paid features or content. Having paid does not prevent enforcement or require us to restore access where a restriction is lawful and justified. A temporary restriction lasts for its stated duration or until lifted; permanent termination may end access permanently, subject to mandatory rights and review of the decision.

To the extent permitted by law and applicable store rules, a justified restriction for your breach does not automatically entitle you to a refund, credit, extension or compensation. We will assess any applicable refund or other remedy under Section 6.5; this clause is not a blanket forfeiture of consumer rights or advance permission to retain amounts that must legally be returned. If we reverse an erroneous restriction, we will restore applicable entitlements where possible and provide any remedy required by law.

9.5 Recurring billing after an account restriction

Deleting the App or restricting or deleting an account does not necessarily cancel a subscription managed by an external store or payment provider. You should cancel renewal through that provider even if you cannot sign in to Wishfield, and may contact us for assistance. Where Wishfield controls recurring billing, we will stop future renewal charges when we permanently terminate paid access. Where an external provider controls billing, we will provide available cancellation guidance and take any steps within our control required by law or the provider's rules. This paragraph does not authorize charges prohibited by law.

9.6 Leaving the App and surviving terms

You may stop using the App and request account deletion through available App controls or our contact email. Account closure does not limit mandatory rights to retrieve content or personal data; processing of those requests remains subject to lawful verification and retention obligations. Provisions that by their nature should continue survive termination, including accrued payment obligations, applicable content-retention permissions, intellectual property, disclaimers, liability, indemnity and dispute terms.

10. Disclaimers

We work to keep the App available, secure and useful, but do not promise uninterrupted, error-free, completely secure or always-available operation. To the maximum extent permitted by law, the App is provided "as is" and "as available" without warranties of any kind, whether express, implied or statutory, including merchantability, fitness for a particular purpose and non-infringement.

Wishfield provides tools and content for personal goals, reflection, visualization and sharing experiences. They do not guarantee that a wish or goal will be achieved or that any particular financial, health, relationship or other result will occur. User success stories are individual experiences, not promises of typical results. The App and community content are not a substitute for qualified medical, mental-health, legal, financial or other professional advice. Do not delay appropriate professional care or take unsafe action because of App content.

Nothing in this Agreement excludes or limits rights that cannot be excluded under applicable consumer, data-protection or other mandatory law. EEA/UK consumers retain mandatory rights regarding digital content, digital services and consumer contracts. These disclaimers do not remove Wishfield's own mandatory obligations regarding misleading claims, safety or service conformity.

11. Limitation of Liability

To the maximum extent permitted by law, Wishfield and its affiliates, licensors and providers will not be liable for indirect, incidental, special, consequential, exemplary or punitive damages, or loss of profits, data, goodwill or business opportunity arising from or related to the App.

To the maximum extent permitted by law, our aggregate liability for claims relating to the App will not exceed the greater of (a) the amount you paid for the App to us or through the relevant store on our behalf in the 12 months before the event giving rise to the claim, or (b) USD 100 or its local-currency equivalent. This cap does not reduce refunds or other statutory remedies that cannot lawfully be limited.

To the maximum extent permitted by applicable law, Wishfield LLC shall not be liable for any claim, loss, damage, cost, expense, liability, injury, interruption, malfunction, inaccuracy, adjustment, modification, outcome or other consequence arising out of or relating to your access to, reliance on, interaction with or use of the Surrounding Quantum Neural Network, Ambient Quantum Neural Network or Global Activity Corrector (collectively, "SQNN, AQNN and GAC"), including any correction, adjustment, recommendation, modification, decision, output, action or inaction generated, made, suggested or performed by SQNN, AQNN or GAC. This paragraph does not expand any exclusion beyond what the law permits.

The exclusions and limitations in this Agreement do not apply where prohibited by law, including liability for intentional misconduct, fraud, death or personal injury caused by negligence, or non-excludable consumer rights. They do not exclude responsibility that applicable law places on Wishfield for its own acts or omissions.

12. Indemnity

To the extent permitted by law, you will indemnify and hold Wishfield harmless from third-party claims, losses, liabilities, costs and expenses, including reasonable legal fees, arising from your User Content, unlawful use of the App or breach of this Agreement. This does not apply to the extent a claim results from Wishfield's own unlawful conduct or fault, or cannot lawfully be shifted to you. For consumers, this obligation applies only to the extent permitted by mandatory consumer law.

13. Consumer and Regional Terms

If you are a consumer, mandatory laws in your country of residence may give you rights that cannot be waived. Nothing in this Agreement deprives you of those rights. You may bring a consumer complaint before a competent authority or court wherever mandatory law allows. Any mandatory rights concerning moderation decisions also remain available.

For EEA/UK users, the Privacy Notice explains how we process personal data and how to exercise data-protection rights. For U.S. users, applicable state consumer and privacy rights are addressed in the Privacy Notice and are not waived by this Agreement. Any territorial restrictions or age requirements imposed by applicable law take precedence over inconsistent provisions here.

14. Governing Law and Disputes

Except where mandatory law provides otherwise, this Agreement is governed by the laws of the Republic of Uzbekistan, without regard to conflict-of-law rules. Before bringing a claim, please contact wishfield22@gmail.com and give us a reasonable opportunity to resolve the matter. This request does not require a consumer to delay urgent relief or miss a statutory deadline, and does not prevent reliance on mandatory protections or proceedings in a court with jurisdiction under mandatory law.

15. Changes to This Agreement

We may update this Agreement to reflect changes in the App, business practices or law. If a change is material, we will provide appropriate notice in the App or through another suitable channel, including the effective date, and obtain consent where required. Changes do not apply retroactively to conduct that occurred before they took effect. The revision date above identifies this version; for existing users, material changes take effect as stated in the notice, subject to required notice periods and consent. If you do not agree, stop using the affected service, subject to mandatory rights relating to cancellation, refunds and existing purchases.

If a provision is unenforceable, the remaining provisions continue to apply to the extent legally permissible. A failure or delay to enforce a provision is not a waiver of future enforcement. No Administration member may waive or change this Agreement merely through an informal message or profile statement.

16. Contact

Operator: Wishfield LLC.

Agreement, account, billing and general support: wishfield22@gmail.com.

Content and rights reports: use the subject "Content Report". Child-safety concerns: use "Child Safety". Moderation appeals: use "Moderation Appeal". Include only the information reasonably necessary for your request and never send passwords, full payment-card details or suspected CSAM.

Privacy Notice: <https://wishfield.app/PrivacyPolicy>.
